

PROPOSED HIGHWAY WORKS IN YOUR AREA

LOCATION: - A354 Thornicombe Hill

As a result of unforeseen circumstances we have unfortunately had to change proposed dates for planned maintenance works on the A354 Thornicombe Hill we now plan to close it between **3rd** and **13th June** 2024.

The road will be closed daily, between the hours of **09:00** and **16:00**, and will be re-opened to traffic overnight and at weekends.

We will be carrying out targeted and localised repairs to sections of those roads highlighted in red on the attached map. The recommended diversion route is marked in blue, and this will remain in place for the full duration of the above works. National regulations state that traffic must be diverted onto roads with the same classification as the one that is closed.

During the closure periods there will be no on street parking available, and temporary parking restrictions will be implemented to prevent waiting or parking on the roads listed above. Please note that any vehicle waiting in contravention of temporary parking restrictions may be removed under the provisions of the Removal and Disposal of Vehicles Regulations 1986. If a vehicle has been removed, the owner must contact the Council's vehicle recovery contractor: Ashleywood Recovery Ltd/Bride Valley Recovery Ltd on 01305 889421.

All previous correspondence and allowances will still apply for the new dates.

We would like to apologise for any inconvenience caused to you as a result of this change.

If you wish to discuss these works in more detail, please contact me using the details below.

Yours faithfully

Jason Loibl
